Key Points About Flywheel

- There is no cost to sign up.
- Drivers will be given a device with a removable window mount. Nothing is permanently installed in your vehicle.
- Flywheel does not use bias when assigning calls. The closest driver instantly gets the first opportunity to pick up the customer based on GPS.
- Flywheel offers a Guaranteed Tip option to customers during high call volume times. The guaranteed tip is usually between 50% - 125% of the fare. **We expect high volumes on Super Bowl Sunday, (Feb 1st).**
- There is no conflict of interest with your current company or cab owner. Flywheel is simply a tool for drivers to use to get more customers. Flywheel calls are no different than street hails (Bingos). In fact, it's easier because all credit card payments are guaranteed and direct deposits to driver's accounts are automatic.
- The Teamsters Local 117 and The Western Washington Taxi Cab Operators Association is prepared to support your right to work with Flywheel as independent contractors.
